Pre-contractual reflection period for non-sophisticated investors

Non-sophisticated investors benefit from a reflection period during which they can, at any time, revoke their offer to invest or expression of interest in the crowdfunding offer without giving a reason and without incurring a penalty. The reflection period starts at the moment the prospective non-sophisticated investor makes an offer to invest or signals its expression of interest and expires after four calendar days therefrom.

It can be exercised by sending an email to info@spreds.com, indicating for which offer the right to revoke is exercised, the transaction number and the name of the investor. Such emails will result in a cancellation of the offer to invest or expression of interest and a reimbursement of the nominal amount of the subscribed instrument and of the subscription fee, if any (jointly referred to as the “**Subscription Amount**”).

(f)	<p>Description of the crowdfunding project, including its purpose and main features</p> <p>- Purpose: HIFILORD offers the best of two worlds. HIFILORD positions itself between a classic hi-fi retailer and a mainstream electronics store, offering the best of both worlds. The expertise of a specialty store and the flexibility of an electronics store. With a 'less-is-more' approach, HIFILORD works with a select number of brands. This is to keep the quality level high, but also to guarantee a flexible web-store, including short delivery times and low storage costs.</p> <p>The mission: HIFILORD is creating a community for music lovers so not only your equipment is digitally connected, but the customer is also. HIFILORD offer components and complete solutions where HIFILORD believes they provide excellent value and music quality.</p> <p>How will HIFILORD achieve this? First of all it is important to know HIFILORD shall have 3 'touchpoints' for it's customers.</p> <ol style="list-style-type: none"> 1. One of the best audio web-store's in the BENELUX. 2. Unique showroom with next level sound experience, on a premium location. 3. Partnerships with design studios that design complete high-end interiors. This can be either for B2B; retail, bar, showroom or B2C; penthouse, apartment or house. <p>This means all touchpoints for the customer either provide all the information or the experience to convince the customer high-end audio is not only fun and relaxing, it's a statement with an unique experience, so the customer can exude a unique luxury design and splendid sound performance.</p> <p>How will HIFILORD enter the market? HIFILORD focuses with a renewed market approach and three different segments to serve all target audiences with an accessible lifestyle segment, classic stereo components and professional solutions. All products can be either purchased online, offline or applied via external experts such as design studios and interior architects.</p> <ol style="list-style-type: none"> I. LIFESTYLE AUDIO Discover the wonderful world of audio. Lifestyle audio is a "one-stop shop" for portable and elegant audio products. A wide range of high-quality earphones, soundbars, compact speakers and audio accessories are offered here for the best listening experience in combination with an elegant and compact design. II. Part B: Main features of the crowdfunding process and conditions for the capital raising

(a)	<ul style="list-style-type: none"> - Minimum target capital to be raised in a single crowdfunding offer: € 25,000, excluding subscription fees. - There have not been any offers (public or non-public) already completed by the project owner or crowdfunding provider for this crowdfunding project.
(b)	Deadline for reaching the target capital to be raised: 08/05/2024 with a possible extension of 3 months.
(c)	Scheduled end date of the subscription period: 08/05/2024

	<p>Extension: Maximum extension of 3 months, until 08/08/2024</p> <p>Conditions for extension: Spreds Finance may decide to extend the subscription period if the total amount of the orders contained in the subscription forms is at least €20,000 on 08/05/2024.</p> <p>Consequences of extension: The investors having subscribed to the Participatory Notes before an extension of the subscription period will be informed by e-mail and will have the right to withdraw from their investment during 4 calendar days, as from the day following the day of the notification.</p> <p>Early closing: The offer can be closed early once the minimum offer amount, of €25,000, has been reached. In particular, it is possible that the offer is closed early once a total amount of €100,000 is raised through the present offer and other sources. Early closure of the offer may also be decided if the total amount of orders contained in the subscription forms signed and transferred to Spreds Finance reaches the maximum amount of the offer.</p> <p>Consequences if the target capital is not raised by the deadline: If the target capital is not raised, the Participatory Notes will not be issued and all commitments related to this offer will be cancelled. Investors will be reimbursed for their respective Subscription Amount no later than 15 business days after the Deadline. Investors will not incur any fees or expenses as a result of the offer not reaching the targeted amount.</p>																													
(d)	The maximum offer amount of the offer: €100,000.																													
(e)	Amount of own funds committed to the crowdfunding project by the project owner: When the company is set up, the entrepreneur, Tim Van Vynckt, will invest €15,000 through a contribution in kind.																													
(f)	<p>Change of the composition of the project owner's capital related to the crowdfunding Offer</p> <p>The table hereunder is based on a pre-money valuation of €300,000 (indicated as the maximum pre-money valuation for this offer during this financing round). The percentages were rounded to 2 decimals.</p> <p>Scenario 1: The funding round reaches its minimum targets. Through this offer, the minimum required to validate the round is raised. The entrepreneurs and other investors invest only what they have committed to invest or the difference between the minimum target of the round and the investment of the HIFILORD 1A compartment of Spreds Finance.</p> <p>Scenario 2: The financing round reaches its maximum targets. The maximum amount of this offer is reached and the entrepreneurs and other investors invest the difference between the maximum objective of the round and the maximum investment of the HIFILORD 1A compartment of Spreds Finance.</p> <table border="1"> <thead> <tr> <th rowspan="2"></th> <th colspan="2">New investments</th> <th colspan="2">% of shares after the investment</th> </tr> <tr> <th>Scenario 1</th> <th>Scenario 2</th> <th>Scenario 1</th> <th>Scenario 2</th> </tr> </thead> <tbody> <tr> <td>The HIFILORD 1A compartment of Spreds Finance</td> <td>€25,000</td> <td>€100,000</td> <td>7.69%</td> <td>23.53%</td> </tr> <tr> <td>Entrepreneurs</td> <td>€0</td> <td>€0</td> <td>92.31%</td> <td>70.59%</td> </tr> <tr> <td>Other investors</td> <td>€0</td> <td>€25,000</td> <td>0%</td> <td>5.88%</td> </tr> <tr> <td>Total</td> <td>€25,000</td> <td>€125,000</td> <td>100%</td> <td>100%</td> </tr> </tbody> </table> <p>As indicated above, the entrepreneur will invest €15,000 when the company is set up. This amount will be contributed before the capital increase in which Spreds Finance's HIFILORD 1A compartment would participate and is therefore not taken into account as a new contribution in the above table.</p> <p>Please note that HIFILORD is also raising funds from other sources. There are already several conditional investments, meaning the investments will be dependent on certain conditions, notably having other sources of financing secured. As such, if €75,000 is raised through the present offer, it is most likely (although not a certainty) that the following financing is also confirmed:</p> <ul style="list-style-type: none"> • PMV would issue a starter loan for €60,000. This amount is not taken into account as a new contribution in the Capital Increase, as it is pure debt and has no dilutive effect on equity-investors (such as the HIFILORD 1A compartment of Spreds Finance). • €25,000 would be invested by an already interested party. This amount is taken into consideration as a new contribution in the table hereabove under Scenario 2 – Other Investors. • Funds could also be raised through The Harbour but it is not the intention of HIFILORD to raise more than €100,000 to €125,000 in total. If funds are found through other channels (for example The Harbour) leading to a total amount contributed in equity in this financing round of €100,000, it is possible that the present offer is closed early. Part C: Main risk types

Type 1 – Project risk

1. Risk associated with the team's knowledge of the market and correctness of forecasts

Risk: The HIFILORD team might not have (proper) knowledge of the market and/or make incorrect forecasts, in particular an overestimation of the number of sales and the selling price. HIFILORD therefore runs the risk of not achieving sufficient reach and conversion, which means imposed sales targets can possibly not be reached.

Consequence: There may be less sales than calculated in the financial plan, leading to the business operating at a (temporary) loss. If the team does not have sufficient knowledge of the market, it could set incorrect targets. This could lead to a lower valuation in the event of a possible exit because the business plan could not be executed as planned. In that case, there could be lower or even non-existent returns. In the worst case, there could even be a liquidation and bankruptcy, with partial or complete loss of the invested capital.

Note: HIFILORD diversifies the target audiences and markets. Being able to focus on a B2C and B2B market at the same time brings the advantage HIFILORD can work towards a stable purchase of the products without being too dependent on one specific target audience or market.

2. Risk associated with the need for new financing

Risk: Given the stage of development that project owner is in, it is likely that there will be a need for new financing.

Consequence: On the one hand, there is the risk that the company will not find investors, which would lead to the dissolution or bankruptcy of the company, causing the investor to lose part or all of his investment. On the other hand, there is the possibility that the company will find new investors, which will lead to dilution, which will be even greater if there is a lower valuation than the one currently used.

Note: Investors will have the opportunity to co-invest in new rounds, at the then current investment terms if new investors are found.

Type 2 – Sector risk

1. Risk associated with dependency on suppliers

Risk: HIFILORD depends on suppliers to distribute products. Thus, there is a risk linked to shortages of (key) components.

Consequence: There may be delayed production and higher costs, leading to longer delivery times and possible customer dissatisfaction.

Note: HIFILORD diversifies the supply chain by sourcing from multiple suppliers and regularly assesses their reliability. It will ensure open communication with suppliers and proactively address potential issues.

Type 3 - Risk of insolvency and bankruptcy of the project owner

Risk: The risk of insolvency means that HIFILORD does not have sufficient funds to meet its payment deadlines (cessation of payments).

Consequence: If the company does not find alternative financing (shocked credit), it may go bankrupt. The insolvency or bankruptcy of HIFILORD may lead to lower or non-existent returns and in the worst case to a partial or total loss of the invested capital.

Type 4 - Risk of lower, delayed or no returns.

1. Risk associated with the lack of guarantees.

Risk: Neither the shares of HIFILORD nor the Participatory Notes of the HIFILORD 1A compartment of Spreds Finance provide guarantees of a return or repayment of the invested capital.

2. Risk associated with the lack of a fixed return.

Risk: Participatory Notes do not offer a fixed return. The return of the Participatory Notes depends solely on the performance of the Underlying Asset, namely the shares of HIFILORD.

Consequence for both risks: If the project owner's predictions do not come true (within the predetermined timing), there is a risk of lower or non-existent returns and, in the worst case, partial or complete loss of the invested capital.

Note for both risks: Investors in Participatory Notes bear the same economic risk as if they were investing directly as shareholders of HIFILORD.

Type 5 - Risk of failure of the financing vehicle

Risk: Although each Spreds Finance compartment is 'bankruptcy remote' (meaning that no other creditor can claim a right on or against this compartment) in relation to the others and in relation to the 'general' liabilities of Spreds Finance itself, as a result of (i) the terms and conditions of the Notes, (ii) the articles of association of Spreds Finance and (iii) Article 4 of the Law of 18 December 2016 on crowdfunding; there is a subsidiary risk of insolvency of Spreds Finance.

Consequence: Should such insolvency occur, Noteholders may be exposed to the risk of a significant delay in the recovery of their investment.

Note: The probability of this risk occurring is extremely low given the structure and organization of Spreds Finance, in particular the compartmentalization mechanism and the "bankruptcy-remoteness" described above. Each participation taken or loan granted to a project owner is recorded in a separate compartment and is appropriately accounted for in the accounts, taking into account the fact that the accounts are kept by compartment. As a result of (i) the conditions attached to the issue of Participatory Notes, (ii) the articles of association of Spreds Finance and (iii) article 10 of the law regulating the recognition and delimitation of crowdfunding and containing various provisions relating to finance and notwithstanding articles 7 and 8 of the Mortgage Law of 16 December 1851, the assets of a particular compartment serve exclusively to guarantee the rights of investors with respect to this compartment.

Type 6 - Risk of illiquidity of the investment

1. Risk associated with the absence of an organized exchange market for Participatory Notes

Risk: Neither the project owner nor Spreds Finance organizes an exchange market for Participatory Notes. It is thus up to the investor himself to find a buyer for his Participating Notes. Given the absence of an exchange market for Participatory Notes, there is no way to adequately establish a comparative pricing methodology for Participatory Notes.

Consequence: A holder of Participatory Notes may not be able to find a buyer for the Participatory Notes it wishes to sell (at the price at which it wishes to sell).

Note: The intention is not to sell the Participatory Notes but to sell the Underlying Asset, often on the occasion of the sale of the Underlying Company itself (see Appendix B, (d)).

2. Risk associated with the vote by the general meeting of holders of Participatory Notes to sell

Risk: Any decision by Spreds Finance to sell shares of HIFILORD is subject to the approval of the holders of Participatory Notes representing at least 75% of the outstanding Participatory Notes, unless Spreds Finance is required to sell them under a contractual or statutory provision.

Consequence: Investors thus bear the risk that the general meeting of the holders of Participatory Notes may refuse to approve the sale of the participation, in which case all investors are bound by this decision and thus must wait to obtain redemption of the Participatory Notes.

3. Risk associated with an investment in a young company

Risk: Investing in shares of young companies entails the risk that a buyer for the shares will not be found, or not at a fair price yielding a market return, or that a buyer will not be found within a reasonable period of time.

Consequence: If no buyer is found for the holding, redemption of the Participatory Notes is not possible.

Note: Spreds Finance will make every effort within its powers to obtain the best possible price.

Type 7 – Other risks

Risk: Spreds Finance has not conducted an analysis of the proposed project or of the financial situation of the Underlying Company.

Consequence: Any investor considering subscribing to Participatory Notes should make its own analysis of HIFILORD's solvency, activity, financial situation and prospects.

Note: Any decision to invest in Participatory Notes should be based on a comprehensive analysis of the project and of this sheet of essential investment information. Spreds Finance's model does not provide for the presentation of analyzed projects to investors but allows investors to invest based on the information made available to them, after making their own analyses.

Part D: Information related to the offer of transferable securities

(a)	Total amount and type of transferable securities to be offered	
	Instruments issued for his offer	Underlying Asset
	<p>Type and kind</p> <p>When an investor invests in the proposed project, he subscribes to an instrument issued by the HIFILORD 1A compartment of Spreds Finance, namely Participatory Notes (Equity-Linked-Notes). A Participatory Note is the economic mirror of a participation in the Underlying Company and entitles the holder to the same return. However, it does not provide voting rights as for a traditional shareholder as only the HIFILORD 1A compartment of Spreds Finance becomes a shareholder.</p>	Shares in HIFILORD BV/SRL

	Currency	The currency is in EUR. A maximum of 200 Participatory Notes will be issued. The denomination is: 'HIFILORD 1A Participatory Notes'.	The currency is in EUR.
	Rank in capital structure in the case of insolvency	All Participatory Notes are issued for the same nominal amount and always confer the same rights, without any preference. The rights and remedies of the holders of Participatory Notes are limited to the assets of the HIFILORD 1A compartment of Spreds Finance.	The shares are issued for the same nominal amount and confer the same rights, without any preference among them. In the event of the liquidation of HIFILORD, the shareholders will be paid after the creditors of the company, to the extent that there is a balance that allows payment.
(b)	Subscription price: Each Participatory Note has a nominal amount of €500. Added to this is a subscription cost of up to 5% of the nominal amount per Participatory Notes (or €25). The total subscription price of a Participatory Note is thus a maximum of €525.		
(c)	Oversubscriptions: Oversubscriptions are not accepted for this offer.		
(d)	Terms of subscription and payment - Closing Date: The date on which the subscription period for this offer actually ends (08/05/2024 or 08/08/2024 at the latest if extended). - Effective date: 6 months after the Closing Date, namely 08/11/2024 (or 08/02/2025 if extended). - Conditions precedent: The Notes will only be issued if, within 6 months from the Closing Date (the Effective Date), the following cumulative conditions precedent to the subscription of shares of HIFILORD by Spreds Finance are met: <ul style="list-style-type: none"> • The total amount of firm commitments to subscribe to this capital increase shall be at least €25,000 and not more than €125,000. • The capital increase is carried out on the basis of a pre-money valuation of the Company of maximum €300,000. • One or more investors invest an amount of at least €25,000, together with Spreds Finance. • Spreds Finance will participate in the capital increase for an amount equal to the result of the subscription to Participatory Notes of the HIFILORD 1A Compartment. This amount must be at least €25,000. - Subscription price: The subscription price is paid in full upon subscription to the HIFILORD 1A Participatory Notes. The funds are deposited in an account number dedicated to the HIFILORD 1A compartment and are therefore compartmentalized upon receipt. See also: Terms and Conditions Associated with the Issue of Participatory Notes HIFILORD 1A (https://www.spreds.com/compartments/10140).		
(e)	Custody and delivery of transferable securities to investors Delivery Date: No later than 15 business days after the Effective Date. If one or more of the conditions precedent is not fulfilled by the Effective Date, the Notes will not be issued and investors will be reimbursed for their respective Subscription Amounts (without interest) no later than 15 business days after the Effective Date. If an investment can take place prior to or on the Effective Date, Spreds Finance will become a shareholder in the Company and will issue Participatory Notes. At that moment, investors will find an overview of their investment in their online profile and will be notified by email of the capital increase. Spreds Finance, the issuer, may be contacted through info@spreds.com . The crowdfunding service provider does not provide custody services.		

Part E: Information on special purpose vehicles (SPV)

(a)	An SPV stands between the project owner and the investor, specifically the HIFILORD 1A compartment of Spreds Finance.
(b)	Contact details of the SPV: Spreds Finance, a public limited liability company (NV/SA) under Belgian law, registered with the Crossroads Bank for Enterprises under number 0538.839.354 and with registered office at Rue des Colonies 11, 1000 Brussels, Belgium. Its website is www.spreds.com

Part F: Investor rights

(a)	Key rights attached to the transferable securities (Participatory Notes) Please note: the Participatory Notes represent the proposed investment and their key rights are described hereunder. The rights related to the Underlying Asset are described in Part F (e). The Notes give the right to the income from the Underlying Asset, as a pass-through. See also: Terms and Conditions related to the issuance of Participatory Notes HIFILORD 1A (https://www.spreds.com/compartments/10140). Dividend rights: The Participatory Notes do not by themselves produce dividends but entitle holders to all of the income of the Underlying Asset, such as dividends (" Variable Income "). If the Underlying Asset pays dividends to Spreds Finance, Spreds Finance will, 15 business days after the date it receives them, pay them to the holders of Participatory Notes. This distribution (as well as the distribution of all possible proceeds) constitutes Spreds Finance's sole payment obligation with respect to the Participatory Notes prior to the maturity date (being the date on which the HIFILORD 1A compartment permanently ceases to hold the Underlying Asset) (the " Maturity Date "). Payment of fixed interest is therefore expressly excluded. The amounts payable by Spreds Finance to holders of Participatory Notes are substantially variable. The amount payable in respect of each Participatory Note corresponds to the Variable Revenues payable after deducting expenses related to the Underlying Asset (" Net Variable Proceeds ") divided by the number of Participatory Notes issued. Voting rights: General meetings of Participatory Noteholders will be convened if decisions need to be taken that adversely affect the rights or the economic position of the Participatory Noteholders, such as a decision to amend the terms of the Participatory Notes, a decision to amend the rights and obligations of Spreds Finance in respect of the shares in HIFILORD, a decision that may result in the Participatory Noteholders being requested to pay additional money to Spreds Finance to cover the financing of expenses. The decisions of the general meeting are binding on all Participating Noteholders, even absent or dissenting Participating Noteholders. The general meeting shall deliberate and pass valid resolutions if at least half of the Participatory Notes are present or represented. If this condition is not fulfilled, a new notice is required, and the second meeting will validly deliberate and decide regardless of the number of outstanding Participatory Notes represented. Resolutions shall be passed by a majority of three-fourths of the votes present or represented. One vote is attached to each Note. Information access rights: Investors will receive update emails when the Underlying Company or Spreds Finance sends an update. Pre-emption rights in offers for subscription of instruments of the same class: There is no pre-emption right for Notes. Right to share in the issuer's profits/in any surplus in the event of liquidation: Spreds Finance shall return the net proceeds (the " Net Proceeds ") to the Participatory Noteholders on the Maturity Date. The Net Proceeds include all amounts received by Spreds Finance from Underlying Asset, to the extent not already distributed as Net Variable Proceeds, less expenses related to the Underlying Asset, to the extent not already deducted at the time of payment of the Net Variable Proceeds. Each Participatory Note entitles the holder to an amount equal to the Net Proceeds divided by the number of Participatory Notes. The
-----	---

<p>amount redeemed for all Participatory Notes is limited to the amount of Net Proceeds available in the HIFILORD 1A compartment on the Maturity Date. Within this limit, it corresponds to the sum of the following amounts:</p> <ul style="list-style-type: none"> The amount to be received by the Participatory Noteholders to obtain the total amount, taking into account the Net Variable Proceeds received before the Maturity Date, of a capitalized annual return of 5% of the total subscription price from the Closing Date to the Maturity Date (the "Priority Amount"). The Priority Amount is calculated at a rate of 1.00013368 [calculated as follows $[(1.05)^{(1/365)}]$], which consists of the total number of days from the Closing Date to the Maturity Date. This exponent corresponds to the annual return of 5% converted to a daily return of 0.13368% over the life of the investment; and 80% of the value of the HIFILORD 1A compartment on the Maturity Date in excess of the Priority Amount (if any). <p>The balance of the HIFILORD 1A compartment on the Maturity Date (i.e. 20% of the value of the HIFILORD 1A account above the Priority Amount) will be retained by Spreds Finance as a performance fee (if applicable).</p> <p>Redemption and conversion rights: The Participatory Notes may be converted or redeemed into shares of the Underlying Company if and when the Company is listed on a stock exchange.</p>

Part H: Fees, information and legal redress

Appendix B: Continuation of Part F: Investor rights

(a)	<p>Key rights attached to the Underlying Asset (shares in HIFILORD)</p> <p>(a) Dividend rights: Each share gives the right to dividends. However, HIFILORD does not plan to pay dividends in the next few years. As in most young companies, it will use future profits for future growth of the company.</p> <p>(b) Voting rights: Each share in HIFILORD give one voting right.</p> <p>(c) Information access rights: The following reporting will be done: <ul style="list-style-type: none"> - On an annual basis: the annual accounts and commentary on results; - On an ad hoc basis: any information that may have a material effect on the investment. </p> <p>(d) Preemption rights: With the exception of exempt transfers (as included in the shareholders' agreement), any proposed transfer by a shareholder of its shares to a third party or to another shareholder is subject to a pre-emption right in favor of the other shareholders.</p> <p>(e) Right to share in HIFILORD's profits/in any surplus in the event of liquidation: Each shareholder will benefit equally from any profits/surpluses.</p> <p>(f) Redemption rights: Shareholders are not entitled to demand redemption of their shares by the company.</p> <p>(g) Preferential subscription rights: Spreads Finance has a proportional preferential right to any issue of shares (be it from a contribution in cash or in kind (e.g. as a result of a loan conversion)).</p> <p>However, there is no preferential right in the event of an issuance of securities (i) pursuant to the exercise of anti-dilution warrants or the exercise of indemnification warrants, (ii) pursuant to an employee stock option plan, a stock bonus plan, a stock purchase plan, a warrant plan or any other management equity program or (iii) as a result of a stock split or similar operation.</p> <p>(h) Accepted transfers and/or issues of new shares If the governing body and/or other shareholders of the Underlying Company wish to reward (a) collaborator(s) for services already rendered or to encourage them for future services (irrespective of whether such person performs services for the Company as an employee or is self-employed), by means of a transfer of (part of) their shares or by means of the issue of new shares then Spreads Finance will consent to this transfer or issue, even if it gives rise to a preemption right or (proportional) tag along right (and thus waive the application of both rights), insofar as the transfer can be seen in the context of an incentive to a trusted collaborator. Spreads Finance may also transfer shares in such a case, to the extent that there is no loss of the Tax Shelter benefit (if applicable). If the issue of new shares would result in a dilution of more than 20% of the shares of the Underlying Company, investors will be asked to vote on this at a general meeting of Participatory Noteholders.</p> <p>(i) Joint exit rights in the event of the occurrence of an operative event (i.e., change of control, tag-along right). <u>Drag along right</u> Spreads Finance could accept a drag along clause to the extent that at least a majority of 50% + 1 share is required for the other shareholders to be forced to sell their stake in the Underlying Company.</p> <p><u>Tag along right</u> A tag along clause will be included in HIFILORD's bylaws or shareholder agreement which enables shareholders to sell a proportionate share of their stake in HIFILORD if another shareholder or several other shareholders decide to sell, under the same conditions.</p>
(b) and (c)	<p>Restrictions to which the transferable securities are subject, including shareholders' agreements or other restrictions on the transferring of the instruments.</p> <p><u>At the Participatory Notes level:</u> There are no restrictions on the free negotiability of the Participatory Notes. The transfer of the Participatory Notes is opposable to Spreads Finance only after Spreads Finance has registered the transfer in the applicable register of Participatory Notes, following a request by the transferor and transferee to Spreads Finance.</p> <p><u>At the level of the Underlying Asset:</u> Spreads Finance could accept a lock-up clause according to which the shareholders of HIFILORD cannot transfer shares during a period of maximum 5 years after the investment.</p>
(d)	<p>Opportunities for the investor to exit the investment There are three options for exiting an investment: 1) <u>All shares of the Company are sold and all shareholders can realise an exit.</u> For the type of investment proposed through this offer, this is the objective.</p>

- 2) The investor finds a buyer himself for his Participatory Notes.
At any time, it is possible to sell the Participate Notes to a third party. However, the project owner nor the crowdfunding service provider organize a secondary market for this purpose. It is therefore the investor's responsibility to find a buyer himself, with whom he agrees on a sale price, after which he asks Spreds to update the Notes Register to reflect this change of ownership.
- 3) Other exit opportunities
Either Spreds Finance received a direct offer for the shares it holds or through the application of a tag along clause, Spreds Finance can sell its shares, together with (an)other shareholder(s).

(e) **Distribution of capital and voting rights before and after the capital increase resulting from the offer (assuming all the transferable securities will be subscribed)**

The shares of the Company before the capital increase:

Shareholder	% voting rights	% of shares	Class of shares
Entrepreneurs	100%	100%	Ordinary

HIFILORD's share capital will be €15,000 at the constitution. The number of shares issued will be 3,000. All shares will be fully paid up. There will be no authorised capital.

The shares of the Company after the Capital Increase:

Shareholder	% voting rights	% of shares	Class of shares
The HIFILORD 1A compartment of Spreds Finance	23.53%	23.53%	Ordinary
Entrepreneurs	70.59%	70.59%	Ordinary
Other investors	5.88%	5.88%	Ordinary

As indicated above:

- The entrepreneur will invest €15,000 when the company is set up. This amount will be contributed before the capital increase in which Spreds Finance's HIFILORD 1A compartment would participate and is therefore not taken into account as a new contribution in the above table.
- HIFILORD is also raising funds from other sources. There are already several conditional investments, meaning the investments will be dependent on certain conditions, notably having other sources of financing secured. As such, if €75,000 is raised through the present offer, it is most likely (although not a certainty) that the following financing is also confirmed:
 - o PMV would issue a starter loan for €60,000. This amount is not taken into account as a new contribution in the Capital Increase, as it is pure debt and has no dilutive effect on equity-investors (such as the HIFILORD 1A compartment of Spreds Finance).
 - o €25,000 would be invested by an already interested party. This amount is taken into consideration as a new contribution in the table hereabove under Scenario 2 – Other Investors.
 - o Funds could also be raised through The Harbour but it is not the intention of HIFILORD to raise more than €100,000 to €125,000 in total. If funds are found through other channels (for example The Harbour) leading to a total amount contributed in equity in this financing round of €100,000, it is possible that the present offer is closed early.

HIFILORD's share capital will be -insofar the capital increase is fully subscribed- be €140,000. There will be 4,250 fully paid shares. There will be no authorised capital.
